

Enabling our communities to live the best lives possible

Just like you, Geneva Healthcare wants everyone in our communities to live the best lives they can whatever their age, disability, illness or injury.

Trusted by thousands of kiwis nationwide since 1996, we are a locally-owned global organisation working closely with ACC, Ministry of Health, DHBs, GPs and the healthcare industry to give our clients personalised home and community support or nursing services, rehabilitation and disability services, as well as health staffing and training. So, our clients can continue to enjoy a full life because we care from the heart, we care like family.
