## Auckland Concussion Service

**Auckland Concussion Service has been established to provide early access and timely assessment for people who have sustained a mild (concussion) or moderate traumatic injury or have post concussion syndrome.**

For ACC to fund the referral the client needs to be between 10 days - 12 months post injury, have an accepted ACC claim and be referred by their GP, Accident and Medical Centre or ACC Case Manager.

Once a referral is received, an experienced therapist meets with the client to carry out an initial interview to gather more information about the accident and ongoing symptoms and difficulties. The client will be provided with information and advice about brain injury, and how the client can manage symptoms to ensure they are on the right path for recovery.

A treatment and rehabilitation plan is developed and forwarded to the ACC Case Manager.

**This can include any of the following, depending upon the clients needs:**

- Medical assessment with Neurologist or Neuropsychiatrist, to assess and treat headaches, sleep disturbances, mood disturbances
- Neuropsychological screening assessment - to assess cognitive function/deficits (how well your brain is thinking and processing information)
- Allied health assessment - Neurophysiotherapy, Speech Language Therapy, or Occupational Therapy as appropriate, to further assess injury effects
- Allied Health therapy sessions - from any of the therapy team to provide advice to the client about how to manage their symptoms and recover
- Medical consultations - as a follow up to the medical assessment
- Psychological consultation - sessions with a psychologist if needed to assist the client to manage any mood issues relating to their injury.

#### Neurologists:

Kiri Brickell • Rosamund Hill • Rakesh Patel

#### Psychiatrists:

Greg Finucane

#### LOCATION:

Level 1, 29 Enfield St, Mt Eden, Auckland 1024 • P: (09) 638 7501

## Mr Albert Yoon

### Hand & Wrist Specialist

Born and raised on the North Shore, I attended Rosmini College in Takapuna and then entered Auckland Medical School. I performed my Orthopaedic Surgery training throughout Auckland and the North Island, and was awarded the NZ Orthopaedic Association Presidents Prize for best Orthopaedic trainee in NZ in my graduating year. I further subspecialised in Hand surgery at the Hand and Upper Limb Centre in Canada where amongst other things I was pleased to learn percutaneous needle surgery as an alternative to traditional dupuytren's surgery. I also completed the Royal North Shore Hospital hand surgery fellowship in Sydney Australia.

I work in public at North Shore hospital doing hand and wrist surgery and my Private Practice is at the Shakespeare Orthopaedic Institute in the new building at 209 Shakespeare road. I enjoy a close working relationship with local hand therapists and GPs. I also consult at 131 Lincoln Rd, Henderson.

**Specialising in:** Hand & Wrist Trauma, Arthritis & Reconstruction. Wrist Arthroscopy, Hand & Arm Nerve Compression including Carpal Tunnel, Dupuytren's Contracture, Hand & Wrist Tendon Inflammation or Stiffness including Trigger Digit

**Qualifications/Memberships:** MBChB, FRACS (Ortho)

## Mr Jeremy Stanley

### ORTHOPAEDIC SURGEON

MB ChB, FRACS

Jeremy is a general Orthopaedic Surgeon with a special interest in sports injuries.

Jeremy has a unique insight into the understanding of sports injuries, having suffered many himself during a sporting career which saw him play rugby for the All Blacks, Otago Highlanders and Auckland Blues. He has also played softball at an international level for New Zealand and Samoa.

Jeremy's interests include sports injuries of the knee and shoulder. His passion is treating athletes with injury to the anterior cruciate ligament (ACL) having suffered two major ACL injuries himself whilst playing professional rugby.

Jeremy's research currently involves ensuring there are clinical regulations in place for patients' safe return to sport following ACL reconstruction.

#### INTERESTS

- Soft tissue knee injuries
- Soft tissue shoulder injuries

**P: 0800 4 XRAYS\* or 09 630 3324\***

\*Monday – Friday: 08:00 – 17:30

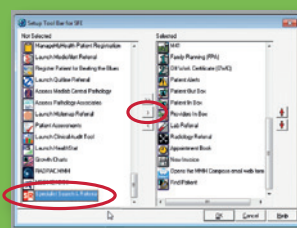

**F: 09 623 5856**

## Add to your tool bar

1. Click on the Window menu, top right of your main Medtech32 screen and select Tool Bar > Setup.

2. Select the  icon on the left-hand side and then click on the middle arrow to move this to your selected list.

3. Then click OK at the bottom of this box. Now the SR icon will appear in your toolbar list – just click on  to access Specialists & Referrals.

All referrals are written into the patient record (outbox) and a copy is securely stored on the ManageMyHealth™ Referrals Hub for specialists to access.

## Do Referrals the Easy Way

"Once a doctor sees how easy it makes searching for a specialist and then sending out a referral, it is a no-brainer."

Dr. Stanley Koshy  
Executive Director, Tui Medical Waikato.
